IN:APP Direction

There's a *lot* going on in our **smartphones**.
Experience a **whole new world** unfold inside your very hands!

Everyone has a smartphone.
Every smartphone has apps.
And every app has Appmen, who all live in Phone World!

IN:APP Concept

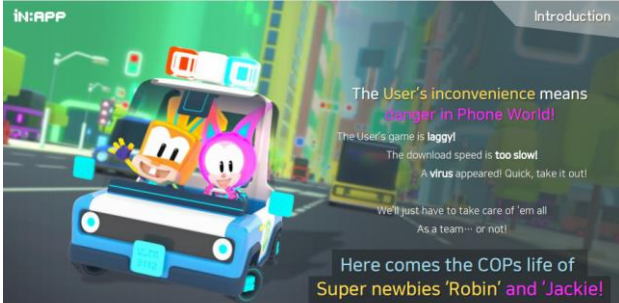

Taking care of Phone World **24/7, all year long!**
Even when the **User** puts down their phone, the Appmen keep Phone World busy.
They must keep all apps running **perfectly** to make sure the User isn't **inconvenienced**.
Everything is overseen from the 'Command Center' and its newest COPs, 'Jackie' and 'Robin'.
But there's no way **data maniac Jackie** and **hyper instincts Robin** get along— However will they keep Phone World safe?

IN:APP Introduction

The User's inconvenience means **Ganger in Phone World!**
The User's game is **laggy!**
The download speed is **too slow!**
A **virus** appeared! Quick, take it out!
We'll just have to take care of 'em all
As a team... or not!

Here comes the COPs life of
Super newbies 'Robin' and 'Jackie'!

IN:APP Characters

Robin
Live and die by style, here comes the fire!
"See 'em and get 'em!"
Intuition over **data!** Move before **thinking!**
Jackie? What's that manual-worm going to do in the real field?
My blaster never misses - I'm Phone World's **sharpest shooter!**
I'll take any virus down, just like the action cop I am!
Don't blink or you'll miss it! HAHAAH!

IN:APP Characters

Jackie
The good cop, all according to the manual.
"It's all on the manual!"
The **manual** and **data** are all I need!
You always **need a plan** - or else you'll run more than you fly, **just like Robin** does.
In the field you need to **understand the situation** and **persuade** the Appmen.
Command Center's greatest driver here to take you safely to Phone World!

IN:APP Characters

Chief
The brain in charge of Command Center
After seeing Jackie and Robin in action, he decided to put them in a team.
When he's angry he gets **really angry**.
But when he needs to calm down or when he has some free time
He takes care of his **digital bonsai**.
A bit more loving than you'd expect.

Penguin
Phone World's error detector - but full of holes itself.
Penguin looks over Phone World, checking if any of the apps **run into errors**.
It's **smart**, but also a bit **goofy**. Whenever 'Jackie' and 'Robin' mess up,
Penguin is the first to **panic** - especially when the Chief starts **shouting** about.

THANK YOU
