YooHoo™ to the Rescue

Concept

'YooHoo to the Rescue' follows the adventures of five animal friends living in the magical forest of YooTopia.

In each episode, they travel to a new destination on Earth to help animals in trouble, making new friends along the way. When animals on Earth are in trouble, the colorful fruits on YooTopia's 'Sparkling Tree' begin to darken.

With the help of the tree's magical powers, YooHoo and his friends get their special gadgets and travel to Earth on Wonderbug, a beetle-like aircraft.

They use wit, teamwork and their gadgets to craft creative solutions to help the animals in need.

Over the course of their adventures, they learn fun facts about Earth's various environments and make friends with many of their inhabitants.
